Senior Network Engineer

Dear Hiring Manager,

I am writing to express my strong interest in the **Senior Network Engineer** position. Over the past 15 years, I have worked with **Cisco & Fortinet** technologies to maintain a 99.99% uptime average across international environments.

My expertise includes designing secure R&D network topologies where cost was < \$100k and security requirements were > standard regulations. I hope to leverage these skills at your esteemed company.

Sincerely, Sam Salameh
